

Catch ➔ Train ➔ Battle ➔ Earn ➔ Sleep ➔ Repeat

The Next-Gen Blockchain Monsterverse.
Where nostalgia meets innovation and ownership is finally yours.

What is Moonsters?

Moonsters reimagines the thrill of monster-catching games for the Web3 era.

Offering players:

- The ability to capture, train, and battle digital creatures.
- Opportunities to earn through strategic gameplay.
- A dynamic system for evolving assets.

Built on Lisk Sepolia Testnet, Moonsters uses blockchain to ensure true ownership, transparent transactions, and a player-powered economy.

Gameplay Highlights

Your Moonster Journey Awaits

MoonDex

MoonTrain

MoonBoard

MoonDex

Discover, compare, and collect hundreds of Moonsters – each with unique stats and rarities.

MoonTrain

Train and evolve your Moonsters to dominate battles and tournaments.

MoonBoard

Stay updated with real-time leaderboards, match schedules, and seasonal rankings.

Battleground

Enter dynamic PvP battles where strategy meets luck – and rewards await the victors.

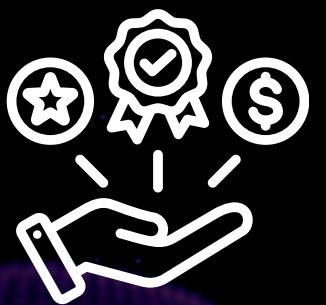

Tokenomic

Powering the Moonsters Economy with IDR_X Stable Token

Key Mechanics

- Capture Fee — Applied for each catch attempt
- Evolution Fee — Pay to unlock stronger forms
- Battle Fee — Entry ticket to competitive matches

Reward System

- Win battles, earn IDR_X + leaderboard points
- Season Champions — Claim exclusive, rare rewards

Marketplace (Future Plan)

- Trade Moonster NFTs using IDR_X
- Small marketplace fee fuels community fund (MoonFund Corner)

Why Moonsters?

True Ownership

Every Moonster is a 1 of a kind NFT with permanent match history.

Play-to-Earn

Fun-first gameplay with real earning potential.

Player-Driven Economy

Powered by stable tokens for a sustainable, durable market.

Community Governance

Players vote on game updates and future expansions.

The Road Ahead

Our Future is Limitless:

- ✓ Real-Time Skill Battles — Multiplayer strategy battles
- ✓ Breeding System — Create never-before-seen Moonsters
- ✓ Augmented Reality (AR) — Capture Moonsters in your real world
- ✓ Staking & Passive Income — Stake tokens, earn rewards
- ✓ Cross-Chain Expansion — Integrate with Ethereum, BSC & Polygon
- ✓ Guild Wars — Team up, conquer together

Cross-Ecosystem Plans:

- ✓ MoonSwap — In-game token swapping
- ✓ Multi-Currency Support — Flexibility to use various tokens in-game

Who Will Love Moonsters?

Gamers

Relive childhood excitement with cutting-edge tech

Crypto Enthusiasts

Explore a transparent, fair play-to-earn economy

Investors

Tap into token appreciation & NFT scarcity

Collectors

Own ultra-rare Moonsters with provable rarity and utility

Our Journey So Far

Milestones Unlocked:

- Deployed on Lisk Sepolia Testnet
- Early traction from hackathons & community testers

What's Next?

-  Launch on IDRX Mainnet with full features
-  Reach 1,000 active users in Year 1
-  Collaborate with leading blockchains for cross-chain battles

Let's Build the Monsterverse Together

Step into Moonsters Today

- Be part of the next big evolution in blockchain gaming
- Capture your first Moonster and start earning

Thank You!

Let's catch dreams, not just monsters.
